If a doctor, nurse, therapist, technician, or any other member of the Doctors Community Hospital (DCH) family has made a meaningful contribution to improving your health or the health of a loved one, then why not say "thank you" by making a financial gift in their honor?

The Grateful Patient Program offers patients and their families an opportunity to express heartfelt appreciation for exceptional care. Your financial support helps provide state-of-the-art equipment and treatment.

Another way to express patient gratitude for excellent care is to become a DCH Foundation volunteer. As a Foundation volunteer, you will help create community awareness about our outstanding programs and services.

Together, we can make a difference by bringing hope, healing, and recovery to those who need it most.
