- ✦ Total overall gross revenue – \$335,975,426

Community Services

In fiscal year 2019, Doctors Community Hospital contributed more than \$14 million in community benefits. Its dedicated team of 350 volunteers donated 25,525 hours to support the hospital's passion for caring mission.

We were also awarded a \$3.5 million grant by the Maryland Department of Health and Mental Hygiene for cancer prevention and treatment programs.

Additionally, we partnered with six hospitals and other providers in three counties to form Totally Linking Care in Maryland (TLC-MD). This collaboration helps coordinate the care of people who have complex health needs. Also, it was funded by a \$960,000 grant in fiscal year 2019 from the Health Services Cost Review Commission, and Centers for Disease Control and Prevention.

Vision: Continuously strive for excellence in service and clinical quality to distinguish us with our patients and other customers

Mission: Dedicated to caring about your health

Values: Safety, Excellence, Respect, Innovation, Compassion and Everyone
